The lodge was built in the early 1960's as a fishing camp. Now all seven cabins have been renovated and brought into the twenty-first century. They are still rustic on the outside but cozy and functional on the inside. If log cabins might be a little too rustic for your taste. We understand. Our waterfront homes, waterfront mobile homes and off-water mobile homes offers you several options for your family vacation plans. You will be on the water in no time! Put your boat in the water from our paved ramp (no launch fee) and go. We have gas and oil right here at the Stonehouse Marina. All the stuff you need to make your fishing trip or skiing adventure all you hope it to be can be found at our Marina and Bait & Tackle Shop. ke.
