

Mecklenburg Electric Coop

11633 Highway 92
Chase City
Chase City 23924

Mecklenburg Electric Cooperative is a member-owned, non-profit utility in south central Virginia. We provide electricity to over 31,000 accounts in nine counties. All members have a voice in the business affairs of the cooperative, with one vote and the opportunity to attend the Annual Meeting in June. All margins (profits) are set aside and distributed among the members in proportion to their patronage in the form of capital credits. Mecklenburg Electric Cooperative is committed to providing the best possible service at the lowest possible cost. We take pride in our cooperative -- a grassroots system of service started by pioneers like those who settled this area. Keeping the cost of electricity affordable helps keep local businesses competitive, while preserving our rural heritage and standard of living. Report Outages: 1-877-632-5688
