This all started in 1979 working on boats and motors in Littleton and progressing on through the years from mechanic to service manager to owner of my own business in 1998. I have attended most major marine schools and have been certified in Mercury Outboards, Mercrusier Sterndrives, Force, Johnson/Evinrude, OMC, Honda Outboards, Tohatsu/Nissan, as well as ASE certified. I am a charter member of Amtec, Association of Marine Technicians, National Marine Expo's and Mercury University.

Our staff includes three full-time factory trained mechanics as well as a part-time mechanic. We offer new and used boats for sale as well as having a well stocked boating accessory store. If we don't have it in stock we can usually have it here in one to two business days.
