

TreeHuggers Expert Tree Care

264 County Pond Rd.
Freeman

Phone: 434 262-9308

Professionals in the Tree care and removal industry. We are the best at removing and pruning the, difficult to get to, trees around the lake. With arborist on staff we are specialist in the care of individual trees. Arborists are knowledgeable about the needs of trees, and are trained and equipped to provide proper care. Hiring an arborist is a decision that should not be taken lightly. Proper tree care is an investment which can lead to substantial returns. Well cared for trees are attractive and can add considerable value to your property. Poorly maintained trees can be a significant liability. Pruning or removing trees, especially large trees, can be dangerous work. Tree work should only be done by those trained and equipped to work safely in trees. An arborist can assist in performing the job of removing fallen trees in a safe manner, while reducing further risk of damage to your property. Email: treehuggertreecare@gmail.com
